NEWS OF THE ROADS

Baltimore and Ohio's New Steel Rails Being Put Down.

ALLIANCE WITH THE SEABOARD

Schedule of Round-Trip Occasions for the Summer.

RAILROAD REORGANIZATIONS

Reports are in circulation that an import ant and very close alliance has been formed between the Baltimore and Ohio and Seaboard Air Line railroad companies, and rumors are again rife of the extension of the Seaboard Air Line from Ridgeway, N. C., to Richmond, Va. It is stated that the Norfolk and Western is friendly to the Seaboard and will render material aid by extending the Roanoke Southern from Winston, N. C., to Monroe, on the Seaboard Air Line. It is stated that a company has been organized to build this extension. By this route the Norfolk and Western would gain an entrance into Atlanta, and the Seapoard a western outlet via the Norfolk and Western. Seaboard officials deny that they are behind the Richmond extension project. It is also stated that the Baltimore and Ohio is interested in the Seaboard's extension to Washington, and will aid the enterprise later on. To effect this about fifty miles of road will have to be built, and a bridge across the Potomac at Washington The Summit Branch.

The committee of security holders of the Summit Branch Railroad Company, which is controlled by the Pennsylvania, appointed some time ago to investigate the property and to prepare an equitable plan of reorganization has made its report. The committee favors foreclosure of the property for the amount of the principal and inty for the amount of the principal and interest of the mortgage debt and existing judgments. The new company is to issue a first and only mortgage not exceeding \$1,400,000 of 5 per cent thirty-year gold bonds, with a sinking fund of 3 per cent on net earnings, and to issue one new bond in place of every existing first mortgage bond surrendered to the committee with its untaid coupon, thus leaving \$125,000 in the treasury for future use. It is also proposed to issue one new full-paid share of capital stock of \$30 for every three shares of present stock upon the payment of a contribution equivalent to \$3 per share on existing stock.

The liabilities of the company consist of \$1,075,000 of 7 per cent bonds and judgments amounting to \$121,040. There are also claims amounting to \$30,000 which may have to be extinguished under the mortgage. The assets of the company consist of \$1,488 acres of land, of which \$.461 acres lie within the coal measures. The business tabulation shows that the test devices the

acres lie within the coal measures. The business tabulation shows that during the ten years the average net earnings were about 5 per cent on the present funded

Raleigh and Gaston Line.

It is understood that the refunding scheme of the Raleigh and Gaston Railread Company, which is a part of the Seaboard Air Line, will have to be remodeled in order to conform with the charter of the

company. The company has \$1,000,000 8 per cent bonds maturing January 1, 1898. Some time ago a scheme was proposed which provided for the issue of \$1,500,000 5 per cent bonds to take up these 8 per cent bonds, and holders of the 8's were to be given dollar for dellar in the new 5 per cent bonds at the date of maturity. It was also proposed to sell part of \$500,000 bonds for the general purposes of the company.

sell part of \$500,000 bonds for the general purposes of the company. It now appears that by the company's charter, which is a North Carolina cor-poration, it is specifically provided that the company cannot issue more than \$1,000,000 bonds, which will thus necessitate the modifying of the refunding scheme.

B. and O. Improvements.

B. and O. Improvements. The delivery of the new steel rails along the Baltimore and Ohio railroad will commence this week, and the work of laying them will require all summer. About 500 additional hands will be employed between Washington Junction and Cumberland at this work. The best of the old rails will be used on branch lines.

Work has commenced on the new Baltimore and Ohlo tunnel at Falls Cut, on the Pittsburg division, twenty miles from Cumberland. Contractors from Greensboro', Pa., are doing the work. The tunnel will be between 500 and 600 feet in length. mence this week, and the work of laying

six miles. The service of the company's plant is considerably augmented by the use of several multiplex systems. Freight Profits.

The astonishing statement is made, but borne out by facts, that the difference of one mill per ton per mile on freight car-ried by all railroads in the United States makes a difference in the revenues of \$80,makes a difference in the revenues of self-000,000. It is the careful watching of the tenth part of a cent that brings profit to the transportation companies, and it is no-wonder that the holders of railway stocks are anxious for some legislation which will enable them to receive some return for their investment.

New Dispatch Line.

Blue Ridge Dispatch is the name of a fast freight line which has been formed by the Western Maryland, Norfolk and Western, Chesapeake and Ohio, Philadelphia and Reading. Louisville, Evansville and St. Louis, Louisville and Nashville, Illinois

Louis, Louisville and Nashville, Illinois Central and connections. The headquarters will be at Harrisburg, Ps., and the general manager will be Mr. George S. Costa, formerly division freight agent of the Philadelphia and Reading at Reading.

Mr. W. O. Sprigg, superintendent of the Staten Island Rapid Transit railroad, with headquarters at St. George, Staten Island, has resigned to go with the Southern railroad as superintendent of one of the divisions. He was given a new position by General Manager Gannon of the Southern, who was formerly with the Baltimore and Ohio Railroad Company and Staten Island Company as general manager of the latter.

IN NEW AND LARGER QUARTERS.

Messrs, M. Dyrenforth & Co. Open a Great Clothing Establishment. There was added last evening another

great business establishment to the many of which the city may justly be proud, that of Messrs. M. Dyrenforth & Co., who for many years have conducted a first-class clothing house, out of which this new and larger establishment has grown. Several weeks ago the firm found the capacity of their old establishment entirely too small to accommodate their patrons, and they decided to move to much more commodious quarters. The four-story building at 923 Pennsylvania avenue was secured, and no expense was omitted in fitting it up. expense was omitted in fitting it up. When last evening it was thrown open to the public it was unanimously voted to be one of the handsomest establishments of the kind in the country. The building was ablaze with electric lights, flowers and plants were there in the greatest profusion, and the Marine Band, under the direction of Prof. Fanciulii, rendered choice selections during the evening. The opening was in the nature of a reception, and from 7 until 10:30 o'clock thousands thronged the great store, admiring its magnificence, inspecting the immense new stock and conspecting the immense new stock and conspecting the immense new stock and cogratulating the members of the firm. T nembers of the firm were the delighted recipients of many handsome remembrances from their patrons and friends, the floral tokens being particularly beautiful.

REV. R. S. NORRIS DEAD. Decupied the Pulpits of Several Local

Methodist Churches. Rev. Richard S. Norris, for years pastor of one of the M. E. churches in this city. died suddenly yesterday in the yard of his home, 2500 North Charles street, Baitimore. Mr. Norris was sixty-two years of age March 26, and it was only at the last conference of the Methodist Episcopal Church that he was placed on the superannuated list, after an active and continious life as pastor for forty-two years. Coroner Buddenbohn decided that death was due to heart disease. Mr. Norris was born in Richmond, Va., March 26, 1875. He went to Baltimore in 1830 and learned the trade of a carpenter, but later prepared himself for the ministry. In 1873 he became pastor at Waugh Church, in this city, where he remained three years. Later he was pastor of Wesley Chapel, three years; Ryland Church, two years, and George-

An Important Lecture. The Columbian Kindergarten Association has been fortunate in securing the Baroness von Bulow Wendhausen, who has just arrived from Germany, where she is the leader of kindergarten work, as her aunt, the Baroness von Marenholtz-Bulow, was before her, to lecture in Washington be-fore she visits the rest of the country after lecturing this week at Barnard College and elsewhere in New York city. The baroness will speak at the Washington Club, 1710 I street, on Saturday next, the 17th, at 11 o'clock, on "The Kindergarten in Germany." She is a very pleasing speaker in English as in German, and has created a new interest in her subject by her lectures in New York city. Her work in Germany and her writings about it have made her well known to all in this country, who are interested in the Froebel system of education, and she was welcomed to New York by almost a thousand letters of greeting and profuse presents of flowers when she arrived at her hotel. The baroness is to speak in Boston. Chicago 17th, at 11 o'clock, on "The Kindergarten baroness is to speak in Boston, Chicago and all the other large cities of the coun-
